Are the budget differences significant? (mean +/- 95% CI, vs MH = 1.0)
Whole-brain budget
Whole-brain Neanderthal
Whole-brain early H.sapiens
p = 0.54
p = 0.37
Cerebellum budget
Cerebellum Neanderthal
Cerebellum early H.sapiens
p = 0.65
p = 0.49
0.7
0.8
